KS3 SUBJECTS ON A PAGE

OUR AIMS AND INTENTIONS

Through the delivery of MFL we aim to spark a passion for learning about the language and culture of other nations, preparing our students for a world in which international trade and cooperation is becoming ever more important.

CURRICULUM KNOWLEDGE

Our curriculum focuses on international culture and teaches students about the diverse cultures within French speaking countries. By the end of KS3, students will learn the vocabulary and grammar necessary to understand and give information, both personal and factual, regarding a wide range of topics as well as being able to give their opinions, with justifications, on a wide variety of topics.

starter tasks, homework and end of unit assessments.

- Formal feedback is given at least twice per half term: once after an extended piece of writing, which is CHIMPED, and once after end-of-unit assessments.

INTENDED IMPACT

- The KS3 curriculum meets the demands of the National Curriculum.
- The curriculum inspires pupils to become enthusiastic language learners with the capacity to take languages

further, whether at YHS or later in life.

- Pupils finish KS3 with the confidence in the Target Language such that they could manage common situations in a foreign language (e.g. introductory conversations and basic transactions.)
- The curriculum promotes intercultural understanding and tolerance through teaching of cultural differences.
